CAREER OBJECTIVE

Motivated B.Pharm undergraduate (CGPA: 8.00) with strong foundational knowledge of GMP principles, quality documentation, and pharmaceutical manufacturing processes. Experienced in formulation concepts and scientific documentation through innovative academic projects, Seeking an entry-level opportunity in Pharmaceutical Quality Assurance to contribute to compliance, documentation accuracy, and product quality..

EDUCATION

Bachelor of Pharmacy, L J Institute of Pharmacy, LJK University | 2022-2026

ACADEMIC DETAILS:

Degree	School/ Institute	Board/ University	Year of Completion	Results
B.Pharm	L J Institute of Pharmacy	LJK University	2026	8.00 CGPA (Till 7th semester)
H.S.C	gangotri school,gondal	G.S.E.B	2022	70%
S.S.C	gangotri school,gondal	G.S.E.B	2020	74.16%

- **Internship and health services:**

- **ALMON HEALTHCRE PVT. Limited**

Executed pre-formulation studies including solubility analysis and drug-excipient compatibility testing to support robust and stable dosage form development.

Developed and optimized laboratory-scale batches of oral solid and liquid formulations using granulation, compression, coating, and blending techniques.

Maintained GMP-compliant documentation including BMR/BPR preparation and review, ensuring adherence to SOPs, cGMP, and Good Documentation Practices (GDP).

- **Research Projects:**

- **Formulation Development, In Vitro Evaluation, and Molecular Docking Studies of Terminalia chebula (Haritaki) Sachet for Antidiabetic Activity**

Designed and optimized herbal sachet formulation of Terminalia chebula followed by in vitro antidiabetic evaluation to assess therapeutic potential.

Performed molecular docking studies to analyze phytoconstituent interactions with diabetes-related targets, supporting mechanism-based validation and lead identification.

- **Technical Skills:**

Pharmaceutical Instruments: Hands-on exposure to pharmaceutical manufacturing equipment including RMG, FBD, Multi-mill, Vibro Sifter, Octagonal Blender, Compression and Coating Machines, Capsule Filling and Blister Packing Machines, and liquid processing units. Proficient with analytical instruments such as UV-Vis Spectrophotometer, HPLC, Dissolution and Disintegration Apparatus, Friabilator, Zetasizer, Brookfield Viscometer, LOD, Stability Chambers, pH meter, and analytical balances. Knowledgeable in cGMP, SOP compliance, BMR/BPR documentation, IPQC, and GDP. Additionally experienced in literature review, pre-formulation studies, formulation optimization, stability evaluation

- **Other Skills:**

Proficient in MS Office (Word, Excel, PowerPoint) for documentation and data analysis. Strong analytical and problem-solving skills with effective data interpretation abilities. Experienced in team leadership, coordination, and collaborative project work.
